I'm a passionate software engineer who values best practices and understands how to manage the complexities of delivering high-quality, mission-critical software in a fast-paced business environment.

Work Experience

Full-Stack React/C# Developer at Pluralsight, LLC
November 2018 – November 2019 in Salt Lake City, UT and remote
- Joined as part of 2019 acquisition of GitPrime, Inc.
- Engineered web applications with JavaScript, TypeScript, React, Redux, C#, and PostgreSQL
- Worked on hand-picked team to deliver high-visibility integration between GitPrime and Pluralsight for Pluralsight Live conference three months after acquisition

Full-Stack React/Ruby on Rails Developer at SciMed Solutions, Inc.
February 2016 – November 2018 in Durham, NC and remote
- Engineered web applications for clients in agricultural and medical research using React, Redux, Ruby on Rails, JavaScript, and SQL
- Worked on complex project for SciMed's biggest client and consistently delivered high quality software

Full-Stack JEE Developer at Red Hat, Inc.
August 2013 – June 2015 in Richmond, VA and remote
- Developed enterprise software solutions for clients using JBoss and other JEE/Java technologies
- Worked for a high-priority client on first project out of college and mentored fellow junior devs, and continued to be placed on high-visibility projects

Software Developer Intern at Noblis, Inc.
June 2012 – January 2013 in Danville, VA and remote
- Worked as part of a development team to build a web application for the FAA to interface with a Cray XMT2 supercomputer
- Was the only intern to be kept on the team after the summer internship ended

Manager at Newcomb Hall, University of Virginia
September 2011 – December 2012 in Charlottesville, VA
- Managed personnel and helped customers at the student information desk
- Wrote a software program for my employer to automate employee scheduling

Strong Technologies

Javascript, TypeScript, React, Redux, Mocha/Chai/Jest, Ruby on Rails, Java, Unix Server Administration, SQL Databases, HTML, CSS, Git

Education

University of Virginia, College of Arts and Sciences, Charlottesville, VA
August 2009 – May 2013
BA in Computer Science and Philosophy
